Subject: Support our river and our jobs

I want to make sure the river cleanup is good for the environment and jobs.

It's important to remember that the river is also a key driver in Portland economic engine. We all love the Willamette and its role in our environment. But I hope that you'll also factor in the important jobs the harbor provides.

Please do what's right for the harbor workers and the families who depend on those jobs.

Sincerely,
(b) (6)
